

## FAQs

### **What is the volunteer time commitment?**

The time commitment varies depending on the program you are interested in.

*Afterschool Tutoring* – We ask for a commitment of at least once per week at the site of your choice. If you don't have a preference, we're happy to place you at a location that has the greatest need.

*Summer Camp* – High school students can apply for volunteer counselor positions beginning in early April for placement in June. First priority is given to students who can commit to the entire 4 weeks of camp, but we welcome all applicants and do our best to place everyone.
